HSCI-BCH General Sorter Training – Prerequisites & Commitment

Eligibility Requirements:

1. Minimum of 1 year of core participation
2. At least 100 hours of analysis
3. No violations of core policies in the past 6 months

Once our admin team confirms these criteria, and you are found eligible, you will be added to the next available training schedule.

Training Commitments:

- The training consists of 20 hours, and full participation is mandatory.
- You must demonstrate proficiency before receiving after-hours sorting access.
- You are required to have experiment plans prepared for the final two training sessions and the proficiency evaluation.
- A \$2,000 training fee applies, and written PI approval (via email) is required prior to training.
